Full 360° Waterproof High-Gloss Bottle Label Architecture

Dominant Front & Center Exposure: 80% of the entire label surface is exclusively dedicated to your company's identity, hero promotional messaging, product benefits, and special offers.

Integrated Phygital QR Triggers: Seamlessly bridge the physical and digital worlds. Each bottle features dynamic QR codes driving instant website visits, app downloads, lead inquiries, or coupon redemption.

100% Free Distribution Goodwill: Bottles are handed directly to attendees free of charge, transforming the brand from an intrusive advertiser into a valued, generous event sponsor.

WHY CHOOSE DIRECT-TO-HAND AMBIENT MEDIA?6 CORE PILLARS

01 Unrivalled Physical Grip

Attendees carry, hold, and interact with the bottle throughout events. No algorithms, no ad-blockers, and zero competing clutter.

02 Goodwill Through Utility

Fulfilling an essential physiological need (pure chilled drinking water) creates genuine positive sentiment and enduring brand appreciation.

03 Phygital QR Engagement

Convert passive physical impressions into measurable online traffic, direct app downloads, and instant promotional coupon claims.

04 Precision Micro-Targeting

Handpick precise demographics—from Gen-Z college tech summits and business conclaves to high-density cultural festivals.

05 Superior Cost Per Recall

Dramatically higher memory retention per rupee compared to outdoor billboards that are passed by in a few seconds or skipped social media ads.

06 Data-Backed Wrap Audits

Every campaign concludes with verified documentation, certified bottle handover tallies, geo-tagged photos, and digital scan logs.
